Experience Counts

PVMA is staffed with skilled advisors and project managers that possess the depth and breadth of experience, knowledge, and understanding of project management in a regulatory based environment. These skills provide quality results and timely deliverables that our clients trust and depend on.

Managed Results

Our team of project managers possess the industry experience needed to provide the technical expertise and project delivery skills to manage any project assigned. Our primary goal is to bring all projects to closure on-time, with quality deliverables, and within budget. Results our clients depend on.

Small Business

Our firm is a SBA certified HUBZone and Women-Owned Small Business (WOSB), and State of Texas certified Historically Underutilized Business (HUB) that provides effective, cost-

efficient, and quality driven professional services to our public and private sector clients.

As a HUBZone, WOSB and State of Texas HUB, we strive to provide our staff with opportunities for career advancement in the management consulting industry, and still maintain a work-life balance.

Seasoned Professionals

The **PVMA** team includes seasoned professionals that have proven experience and project management successes that make us proud to call each other “team member”.

The **PVMA** team has an average of over 20 years of project management, regulatory compliance, and training experience that have resulted in Subject Matter Expert (SME) status in several industries.
